

## **Landscape Team Member**

Seasons' Image is excited to work with team members that are willing to learn in a diverse atmosphere, flexible in job duties and responsibilities, and most importantly, disciplined in their respect for customer interaction, other team members, and their own accountability. Hardworking, motivated team members that are timely, courteous, and appreciative of others will make great addition to our team here at Seasons' Image.

It's a team member's responsibility to work within a crew on jobsites. That include all technical aspects of the landscape industry.
